

Connecting to Facebook (for existing SoulFriends members)

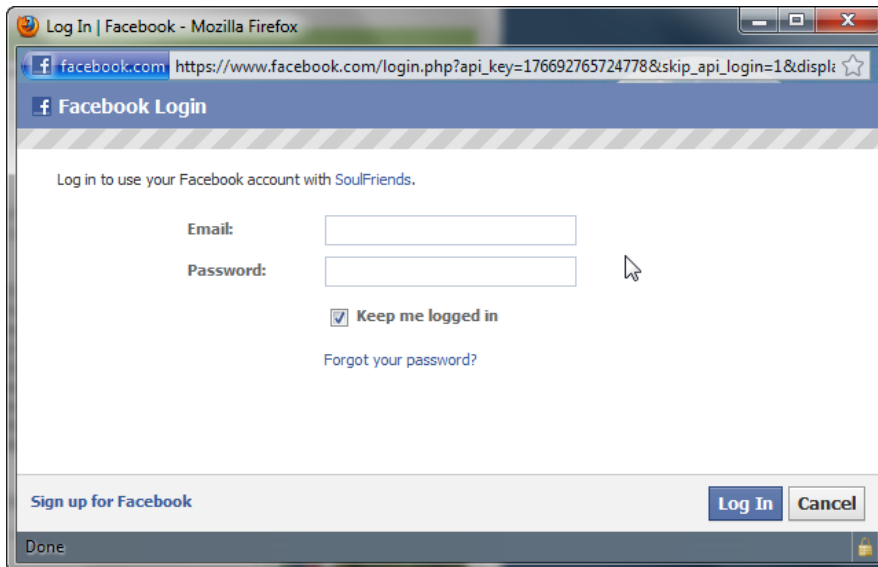

If you currently have a SoulFriends member profile and would like to connect (link) it with your facebook profile, please follow the instructions in this document. The process is relatively easy and straight forward. [If you currently do not have a SoulFriends membership profile, simply click the 'fbconnect' button to create a profile.]

The advantages of connecting to your facebook account are many. Logging into SoulFriends is a single button click wherever you are logged into facebook. If you post content (articles, blogs or comments) on the website, you can easily send it to your facebook friends.

This document will show you how to link your SoulFriends profile with your facebook profile.

Step 1: Log into Facebook.

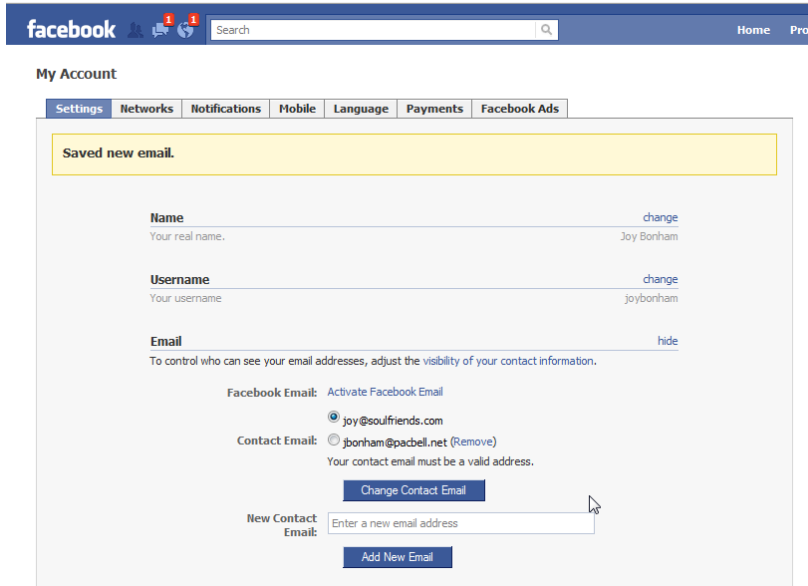

Log into facebook using your existing account information.

Open a new browser window and log into facebook.

Step 2: Review Facebook Settings.

Review your facebook settings.

The screenshot shows the Facebook 'My Account' settings page. At the top, there's a navigation bar with 'facebook' logo, search bar, and 'Home' and 'Profile' links. Below that, the 'My Account' section is visible with tabs for 'Settings', 'Networks', 'Notifications', 'Mobile', 'Language', 'Payments', and 'Facebook Ads'. The 'Settings' tab is active, and a yellow banner at the top of the settings area says 'Saved new email.'. Under the 'Email' section, there are fields for 'Name' (Joy Bonham), 'Username' (joybonham), and 'Email'. The 'Email' section includes a 'Facebook Email' field with 'Activate Facebook Email' and a radio button selected for 'joy@soulfriends.com'. There is also a 'Contact Email' field with 'jbonham@pacbell.net (Remove)' and a note that the contact email must be a valid address. A 'Change Contact Email' button is present. At the bottom, there is a 'New Contact Email' field with a placeholder 'Enter a new email address' and an 'Add New Email' button.

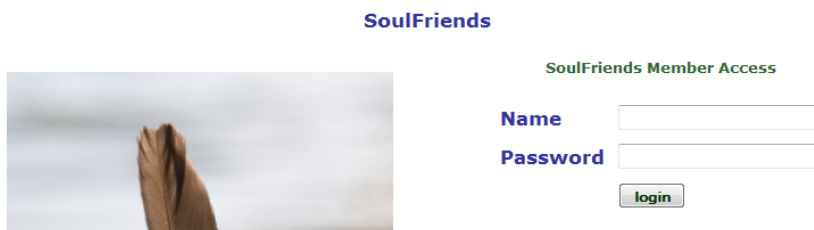

Make note of your facebook email address.

If you are currently using an email address in SoulFriends, that is not identified in your facebook account settings, we suggest that it be added before linking.

It is not necessary to have the same email address, in both locations, though it is advisable.

Step 3: Log into SoulFriends.

Log into SoulFriends.com using your existing account information.

The screenshot shows the 'SoulFriends Member Access' login page. On the left, there is a placeholder image of a hand holding a brown paper bag against a light background. To the right of the image, the text 'SoulFriends' is displayed in blue. Below it, the text 'SoulFriends Member Access' is shown in green. The login form consists of two input fields: 'Name' and 'Password', both with white text boxes. Below the 'Password' field is a 'login' button with a green background and white text.

Enter your username and password.

Step 4: facebook Connect.

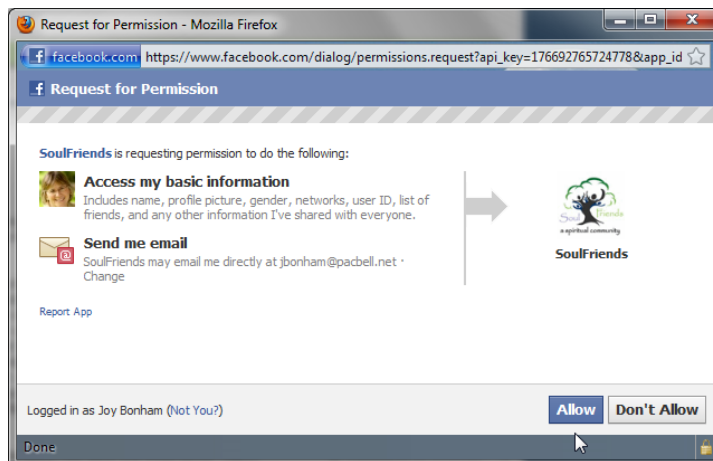

Navigate to the SoulCircles' main page.

To link your accounts, click the blue **“Connect”** button in the top menu bar of the SoulCircles main menu.

Step 5: Allow account sharing.

Facebook will open a dialog box and ask your permission to share the accounts.

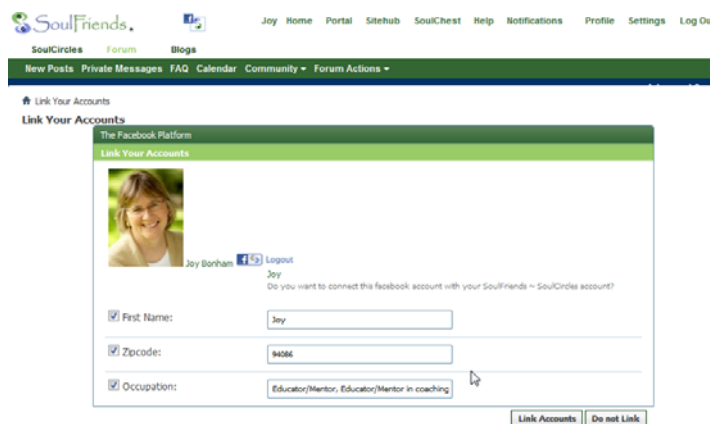

The dialog box will display your facebook account name in the left bottom corner and your email address in the email message.

To link accounts, click the **“Allow”** button.

Step 6: Link Accounts.

A dialog box will appear with information you are sharing, with SoulFriends, from facebook.

Correct any data items which might be incorrect.

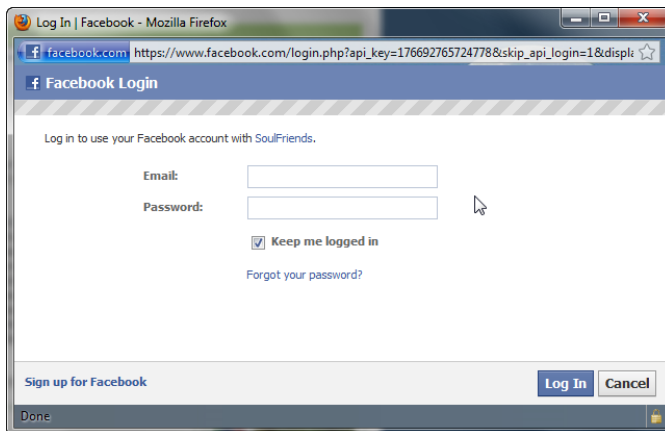

When finished click the **“Link Accounts”** button.

Step 7: Logging into SoulFriends.

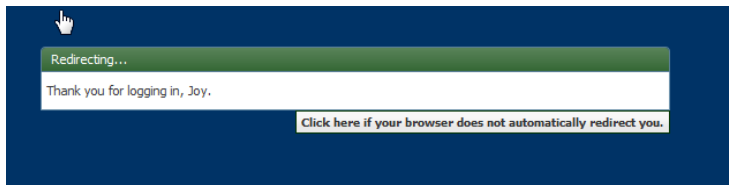

A dialog box will appear with information you are sharing with SoulFriends, from facebook.

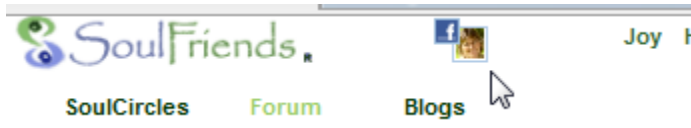

After linking accounts, you can log into SoulFriends just by clicking the Connect button.

Note: You must be currently logged into facebook to quick-click into SoulFriends. If you are not logged in, a facebook login dialog box will appear.

If log in was successful, an acknowledgement message will and you will be redirected to the member portal.

After logging into SoulFriends, the facebook connect button will display an image from your facebook profile.
